

Lighthouse 2 Lighthouse Ladies

NPO 169-860

www.lighthouse2lighthouse.co.za

Dear

Firstly, thank you for your willingness to support the Lighthouse 2 Lighthouse Ladies walk in 2024. We value the longstanding relationship that we have enjoyed over the past 16 years.

What is Lighthouse 2 Lighthouse?

Lighthouse 2 Lighthouse Ladies is an NPO in the Overstrand which hosts a 100km, four-day annual walk from Cape Agulhas Lighthouse to Danger Point Lighthouse. The main purpose of this walk is to raise funds for local charities within the Overstrand Municipality. Approximately 100 ladies from across South Africa register to participate in the walk and contribute to this fundraising effort.

How does it work?

Every year we invite registered NPO charities in the Overstrand to apply for funding for projects. The main beneficiary is then chosen by the registered walkers for the following year. In 2023, 15 very deserving local organisations were approved for application and sent in motivational videos as to why they should be chosen. As always, the decision as to who to vote for was not an easy one for the walkers.

Overstrand Hospice, Hermanus has been elected by the 2024 Lighthouse 2 Lighthouse walkers as the beneficiary for the walk. The aim is to raise funds towards the first stage renovations of their new building.

Our fundraising target is R 1,000,000.00

A message from Overstrand Hospice:

Since January 2007, Overstrand Hospice has been providing specialist palliative care (end phase care) to patients and their families diagnosed with a life-threatening illness in the Overstrand sub-district, to enable them to live this phase of their life in dignity, free from pain and other distressing symptoms (including emotional, social, and spiritual), and preferably in their own homes.

Overstrand Hospice provides care to ALL who need our services, irrespective of race, culture, or faith. Bereavement support is also offered to families after the death of the patient for thirteen months when required.

Lighthouse Ladies, you will be helping us to reach our dream of finally renovating our property situated at 1 Aberdeen Street, Hermanus. This renovation will pave the way for transformative change, that enhances our services, sustains our operations, and fosters an environment of holistic care and unity. It will yield positive outcomes for a diverse array of stakeholders, encompassing patients, their families, caregivers, the local community, medical professionals, as well as dedicated supporters across the entire Overstrand region.

Thank you for being the heartwarming lighthouse on our journey.

Visit www.lighthouse2lighthouse.co.za and www.overstrandhospice.org.za for more information.
